

SG4A-xx

MINI FLUORESCENT SLEEK PLUS
ADJUSTABLE T4 • 3-WIRE GROUNDED SERIES

Type	
Project	
Catalog No.	

DESCRIPTION

JESCO's T4 Sleek plus is designed to provide efficient high lumen output and long life. The 3-wire design and integral ballast assures safe operation and protection against unwanted voltage, current or power surges. Our unique interlocking design provides a secure fit preventing any accidental loss of connection of power cord, connecting cables and our "direct connect" connectors for end to end runs. The fixture is available in a variety of warm, neutral and cool white color temperatures in addition to blue, green red and black. All JESCO's Sleek fluorescent fixtures come complete with lamp and lens.

FEATURES

- Adjustable light shield that provides 360° rotation to direct light where necessary.
- Ballast designed with overload protection, eliminating premature ballast failure from either lamp failure or overheating
- No accidental loss of connection due to sure fit cables and connectors design
- Included T5 lamp are energy efficient and long life with 16,000 hour rating
- Included acrylic ribbed lamp diffuser fits securely with no light leakage
- With the included "direct connect" connector, fixtures can be butted together with minimal shadowing
- Linkable up to a maximum of 360 watts (3A max)
- The extruded white painted aluminum housing is designed to better dissipate heat providing both long fixture and lamp life
- Optional On/Off rocker switch located on side of fixture will not increase size
- UL & CUL listed, New York City approved, FCC Part 18 Listed – tested for in-line and radiated interference
- High CRI >85
