

# Designed and Manufactured in the USA.

**Prefabricated Frame Header Assembly**

- Ready to install in 2x4 wall rough opening
- Cutdown for any smaller door size (height and width)
- Solid wood header and nailer boards
- Pocket door frame carries 100% of door weight
- Pocket door header does not touch rough header

**Single pack KD frame carton**  
1 carton = 1 frame

**Passage End Jamb Bracket**

**Precision Extruded Jump Proof Box Track**

**Drop Stop Pocket End Jamb Bracket**  
Prevents track drop in pocket

**NEW! Patent Pending**

**Heavy Gauge All Steel Split Studs**

- 20% stiffer than wood wrapped version
- Pocket accepts 1" - 1-3/4" thick doors, no adaptor required
- Structure adding 1515-PLY plywood clip compatible
- Galvanized steel plating resists corrosion
- Self-tapping drywall and jamb screws included  
No predrilling required, screw directly into metal

**Heavy-Duty 3-Wheel Door Hanger**

- Nylon encapsulated ball bearing wheels
- Smooth rolling and quiet
- Tripod design means all wheels carry equal door weight
- Jump proof design, door cannot drop from track

**Included Self-Tapping Drywall and Jamb screws**  
no predrilling required

Requires less than 5lbs. of force to move door

**Quick Release Locking Tab**  
Remove doors without tearing apart the wall

**Self Adjusting Floor Brackets**  
Compensate for floor settling
