Installation Guide

| | | | | |
|---|--|--|--|---|
| <p>⚠ WARNING: Risk of scalding. High water temperature can cause severe burns. Set the water temperature at or below 120°F (49°C) following the adjustment procedure in the valve Installation and Care Guide.</p> | <p>Observe all local plumbing and building codes. Record your model number below for future reference:</p> | <p>1 Attach the spout shank to the valve with the three socket head screws.</p>  | <p>2 Make sure the O-rings are seated in the spout escutcheon, then slide onto the spout. Use care not to scratch the surface.</p>  | <p>3 With the aerator pointing down, slide the spout over the shank until flush with the finished wall.</p>  |
| <p>4 Secure the spout with the setscrews. Slide the escutcheon against the wall. Use care not to scratch the surface.</p>  | <p>5 Optional: If desired, apply a bead of clear silicone sealant around the escutcheon.</p>  | <p>6 Using a shower valve socket wrench, fully thread the sleeve onto the valve. Mark where it is flush with the wall.</p>  | <p>7 Remove the sleeve and cut at the notch closest to the mark, on the inside edge.</p>  | <p>8 Reinstall the sleeve. Install the longest extension onto the valve stem with the longest screw.</p>  |
| <p>9 Place the handle horizontally onto the stem extension. Thread the escutcheon into the sleeve.</p>  | <p>10 If the escutcheon is not flush with the wall when fully threaded, use the next shorter extension and screw.</p>  | <p>11 To adjust handle position, rotate the adapter one tooth. Repeat until aligned.</p>  | <p>12 Disassemble the drain.</p>  | <p>13 Apply plumbers putty to the flange and attach.</p>  |
| <p>14 Tighten the nut. Apply thread sealant to the drain pipe threads.</p>  | <p>15 Install the stopper. Connect the trap. Remove excess sealant.</p>  | <p>16 Remove the aerator using the key.</p>  | <p>17 Turn on the water for 1 minute to remove debris. Reinstall the aerator.</p>  | |

FIVE-YEAR LIMITED WARRANTY

All Kallista products carry Kallista's five-year limited warranty unless otherwise noted.*

Kallista products are warranted to be free of defects in material and workmanship for five years from the date of installation.

Kallista will, at its election, repair, replace or make appropriate adjustment where Kallista inspection discloses any such defects occurring in normal usage within five (5) years after installation.

Kallista is not responsible for removal or installation costs.

Damages due to improper handling, installation or maintenance are not considered manufacturing defects and are not covered by this warranty. This warranty is valid for the original consumer purchaser only.

To obtain warranty service, contact your Kallista Authorized Showroom.

Products must be maintained and cleaned in accordance with the care and cleaning instructions provided by Kallista. Improper care or cleaning, including damage from the use of abrasive chemicals, will void this warranty. Gloss reduction, scratching, staining and alkaline etching of finishes over time due to use, cleaning practices or water or atmospheric conditions, are not manufacturing defects but are indicative of normal wear and tear. Use of in-tank toilet cleaners will void the warranty.

Implied warranties including that of merchantability and fitness for a particular purpose are expressly limited in duration to the duration of this warranty. Kallista and/or seller disclaims any liability for special, incidental, or consequential damages.

Some states/provinces do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of special, incidental or consequential damages, so these limitations and exclusions may not apply to you. This warranty gives you specific legal rights. You may also have other rights which vary from state/province to state/province.

This is Kallista's exclusive written warranty.

* Kallista's Hampstead and Stafford vitreous products, stainless steel accessories, and wooden accessories carry a one-year Limited Warranty.
