

# Belt & Tie Storage

CONERO has two options for belt and tie storage: the Belt & Tie Pull-out and the Belt & Tie Organizer.

The grease-free runners of the Belt & Tie Pull-out allow it to extend smoothly while ensuring there is no danger of other clothing hung in the closet being dirtied.

The Belt & Tie Organizer is identical to the Belt & Tie Pull-out but without a runner. It is designed for stationary mounting to the inside of a closet door or wall.

Both components have a 100% symmetrical design, allowing for installation on a left or right side wall.

The Belt & Tie Pull-out and the Belt & Tie Organizer are available for 345 mm (13 5/8") and 475 mm (18 3/4") clear installation depths and can be installed in the 32 mm hole pattern.
