Notes

Install this product according to the installation
instructions.

IMPORTANT! Use the supply hoses provided
with the fixture. Do not reuse the previously
installed hoses.

Installation of a water hammer arrestor is
recommended.

Install the docking station cord, when premium
remote control is included, before installing the
finished wall.

The supplied water inlet hose requires a supply
stop with a 1/2" OD compression male outlet
thread.

If local codes require the toilet be bolted to the
flange, order kit 1171368 for required hardware
and instructions.

Can be installed with water and electrical supplies
attached to the back wall or through the floor. See
roughing-in illustration for details.

Adjust the through-the-floor installation as
required to meet all local codes.
