

Features

- Single handle controls flow to outlets
- When used with K-728-K series MasterShower® transfer valves, handle controls flow to two or three outlets individually or any two outlets at a time
- When used with K-737 series MasterShower® diverter valves, handle controls flow to two or three outlets individually (only one outlet at a time)
- 360° handle rotation with three-outlet operation
- 120° handle rotation with two-outlet operation
- Coordinates with other products in the Buckley collection
- Requires valve (sold separately)

Material

- Premium material construction with metal handle ensures reliability and durability
- KOHLER finishes resist corrosion and tarnishing

Installation

- Patented K-joint installation technology ensures consistent trim appearance, regardless of variability in valve rough-in

Required Products/Accessories

- K-728-K 3/4" two- or three-way transfer valve
or
K-737-K 3/4" Two- or Three-Way Diverter Valve
