Sculptural Form

Available in five sizes—up to 70 inches—these bold, sculptural workstation sinks make a statement while supporting everything from solo prep to full-scale entertaining.

Slide, Stack, Serve

Smooth-glide ledges let accessories slide, eclipse, and layer with ease, creating a natural, uninterrupted workflow.

Elevated Work Zones

Raised work zones keep ingredients at surface level and out of the bowl for a clean, organized experience.

Linear Drain System

A low-profile linear drain, sloped base, removable drain cover, and floating sink rack enhance water flow and allow food crumbs to rinse away effortlessly for seamless cleaning—delivering a best-in-class drainage experience.

Premium Stainless Steel

Constructed from premium 16-gauge stainless steel, Synthos workstation sinks promise long-lasting durability and feature integrated SilentShield® Plus technology to sharply reduce noise output during use.
