Drop-in, 1000555-7, required, included 1000556-7, not required, included 1000557-7, not required, included

#### **Notes**

Measure your actual product for rough-in details. Install this product according to the installation instructions.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

Consult local and national codes for minimum air gap requirements when installing a spout on the faucet deck other than that supplied.
