- The tank number (second column) is embedded on the inside back wall of the tank. On one-piece toilets, the model number and tank number are the same.
- Not all models of KOHLER and Sterling toilets will appear on this list. Models older than five years may not have been evaluated.
- If your model of toilet does not appear on this list, use the compatibility specification sheet to determine if your model of toilet is compatible.
- Go to [KOHLER.com/TouchlessToilet](http://KOHLER.com/TouchlessToilet) to find installation videos.
