

FERGUSON VL60236

VANITY

PROJECT

DESCRIPTION

An extruded oblong diffuser surrounds the LED source of the geometric vanity fixture and gently spreads light. Enclosed at the ends by two thick caps the design is characterized by minimal details and clever features. During installation the lamp assembly may slide on the mounting track to allow for ideal positioning. Adding to the versatile function are the multiple fixture lengths and mounting orientations. Optional installation without backplate for smaller junction boxes.
