

Landmark™

**BEVERAGE & WINE
REFRIGERATION**

INTRODUCING LANDMARK

The word Landmark literally means “an important development or turning point.” In the context of the premium appliance product line, the name represents a more upscale offering—one focused on quality and reliability as much as sophistication and aesthetic.

OUR BRAND

In the same way that landmarks around the world serve as a timeless beacon for travelers everywhere, Landmark products will serve as a beacon in the home for individuals with an appreciation for premium details at a value that appeals to everyone.

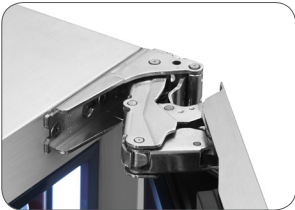

CLIMATE ZONE™ COOLING SYSTEM

Climate Zone™ technology maintains a precise temperature with even air distribution and an energy efficient, low vibration precision cooling system to maintain accurate unit temperature.

EVERGLIDE™ SHELVES & HINGES

Everglide™ shelves and hinges provide easy access and smooth retrieval of wine bottles and other beverages. Each shelf is made of vinyl-coated wire to help dampen vibrations, and the open wire design allows for even airflow within the unit.

UNIVERSAL FEATURES

**EVERGLIDE™
HINGES**

**EVERGLIDE™
SHELVES**

LED LIGHTING

**ADJUSTABLE
HEIGHT SHELVING**

304 STAINLESS STEEL

ADJUSTABLE FEET

DOOR LOCK

PRODUCT FEATURES

- **Door Ajar Alarm:** Landmark units include an alarm that will sound when the door is left open for longer than three minutes.
- **Temperature Alarm:** If the interior of your Landmark refrigerator reaches a temperature higher than 73°F (23°C), "HI" will appear on the temperature display and an alarm will sound after one hour at these temperatures. If temperatures reach 32°F (0°C), "LO" will appear and the alarm will sound after 15 minutes in this condition.
- **Sabbath Mode:** In Sabbath Mode, the refrigerator will continue to maintain its current temperature, but all lights, displays, indicators and alarms will be disabled.

OUR PRODUCTS

15" SINGLE ZONE BEVERAGE REFRIGERATOR

- Model # L3015UI1BSGLH/RH
- Capacity: (63) 12 oz cans
- Temperature Range: 34°F–65°F
- Available left or right hinge
- Available in stainless steel or panel ready*

24" SINGLE ZONE BEVERAGE REFRIGERATOR

- Model # L3024UI1BSGLH/RH
- Capacity: (147) 12 oz cans
- Temperature Range: 34°F–65°F
- Available left or right hinge
- Available in stainless steel or panel ready*

15" SINGLE ZONE WINE REFRIGERATOR

- Model # L3015UI1WSGLH/RH
- Capacity: (23) 750 mL wine bottles
- Temperature Range: 39°F–65°F
- Available left or right hinge
- Available in stainless steel or panel ready*

24" DUAL ZONE WINE REFRIGERATOR

- Model # L3024UI2WSGLH/RH
- Upper Zone Capacity: (16) 750 mL wine bottles
- Lower Zone Capacity: (21) 750 mL wine bottles
- Temperature Range: 39°F–65°F
- Available left or right hinge
- Available in stainless steel or panel ready*

24" SINGLE ZONE WINE REFRIGERATOR

- Model # L3024UI1WSGLH/RH
- Capacity: (44) 750 mL wine bottles
- Temperature Range: 39°F–65°F
- Available left or right hinge
- Available in stainless steel or panel ready*

24" SINGLE ZONE WINE AND BEVERAGE REFRIGERATOR

- Model # L3024UI1MSGLH/RH
- Capacity: (16) 750 mL wine bottles and (63) 12 oz cans
- Temperature Range: 34°F–65°F
- Available left or right hinge
- Available in stainless steel or panel ready*
