

NEW LED BI-PIN REPLACEMENT PENDANT MODULE

LBL Lighting has been a leader in LED innovation for years. As LED technology continues to evolve, we make every effort to stay ahead of it. From our partnership with SORAA®, we are incredibly excited to introduce a significant advancement in LED bi-pin replacement pendant modules. What makes this so unique?

- Completely proprietary to Generation Brands (LBL Lighting’s parent company)
- Backward compatible into standard G4, GU5.3 or GY6.35 base Halogen or Xenon incandescent bi-pin lamp sockets
- Proprietary custom lens produces both task and side output for uniform glass illumination
- Available in two versions, both consuming just 8 watts:
 - 3000K, 80 CRI version (500 lumens)
 - 2700K, 95 CRI version (375 lumens)
- Smooth dimming down to less than 10% with all LBL Lighting transformers
- 35,000 hour life to L70 with 5-year warranty

LED BI-PIN REPLACEMENT PENDANT MODULE		
ITEM NUMBER	351LEDBIPN830	351LEDBIPN927
DESCRIPTION	8 WATT, 500 LUMEN, 80CRI, 3000K LED BI-PIN REPLACEMENT PENDANT MODULE BY SORAA	8 WATT, 375 LUMEN, 95CRI, 2700K LED BI-PIN REPLACEMENT PENDANT MODULE BY SORAA

Throughout the low-voltage pendant section, any fixture with the lamping option LEDS830 includes the new 3000K 80 CRI LED pendant module as the standard light source that ships complete with the fixture. To specify a compatible pendant with the 2700K, 95 CRI LED version of the new pendant module, simply order the standard incandescent version of the pendant and order the pendant module separately.

In addition to some of our new-for-2015 products, this new LED pendant module has been added to many of our existing low-voltage pendants as the standard LED light source. Although not noted in our 2014 Full Line Catalog, the online item number generator on lbellighting.com now reflects the LEDS830 lamping option for the following compatible pendants.
