

lifo pendant

DESCRIPTION

The two rounded, metal panels of the Lifo pendant light by LBL Lighting come together to create a symmetrical, contemporary shade around the central light source. The simple use of negative space adds visual interest to this clean profile, offering a nice change from the classic cylindrical pendant. Offered in a White finish with a White cloth cord and a Gray finish with a Gray cloth cord, the exterior gleams. This lighting look is ideal for complementing a modern bathroom, kitchen island or perhaps two end tables anchoring a couch. Each canopy matches the fixture's finish. Damp-rated and dimmable, its dimensions are 13" high and 8" in diameter. Include 6' of field-cuttable cable. Available with or without lamp. E26 Medium base socket 75w max. LED version includes (1) 11 watt 128 delivered lumens 90CRI 3000K LED A19. Dimmable with a low-voltage electronic dimmer. 120v.
