

TWR LED

Wall Luminaires

Familiar Design. New Technology.

Cast in a traditional dayform, the TWR LED luminaire offers a popular, classic appearance. Its advanced LEDs deliver an expected service life of more than 20 years and eliminate frequent lamp and ballast replacements associated with traditional technologies.

Key Features:

- Energy savings of up to 86% vs. comparable metal halide luminaires; saves up to \$214 per luminaire, per year over 400W metal halide
- 20+ years expected service life (with lumen maintenance of L70/50,000 hours)
- Traditional design allows for a seamless upgrade from HID, eliminating the need to repaint
- Available with photocell and /or 347V options
