

STAGE DOOR

LIL LED

Wall Pack

Perfect Over-The-Door Lighting Solution

The Lithonia Lighting® LIL Wall Pack is just 5 inch x 5 inch in size and delivers 800 lumens using only 8 watts. It is the ideal, compact "over-the-door" lighting solution for commercial and residential applications.

Perfect Fit for Several Applications

LIL wall pack combines energy-efficient LED technology with compact size, ideal for single and multi-family entrances, balconies, patios, warehouses, retail stores and other decorative wall pack applications.

Cost Savings

Cost-effective replacement for small incandescent and fluorescent luminaires. It replaces up to a 100W incandescent lamp and provides up to 90% energy savings.

Great Versatility

LIL wall pack has a number of options including a matching back box for surface conduit and through wiring applications. Also available with battery pack and photocell options for dusk-to-dawn operation.

Quick Facts:

- Delivers 800 lumens using only 8 watts
- Available in two colors - Textured Bronze and White
- Photocell and battery pack options are available
- 3000K and 4000K CCT options
