

STACK Switch™

Fully Switchable LED Center-Element Lay-in

STACK Switch from Lithonia Lighting® is the fully switchable solution from the newest family in lay-ins. It brings the latest technology options with Adjustable Lumen Output (ALO) and switchable Color Temperature (CCT) to the upgraded form factor that is the STACK family.

Save time and never worry about getting to the jobsite and realizing you have the wrong package, simply adjust and select what you're looking for before installation. Eliminate the guesswork and be empowered to make game-time installation decisions.

Features and Benefits

- Three Switchable Color Temperatures (SWW)
- Three Adjustable Lumen Outputs (ALO)

Switchable Lumens

STACK Switch™ is perfect for new projects or renovations in several different applications such as healthcare, education, commercial office, retail and more.

STACK™ Family

The next generation family of products, each purpose-designed to be the solution for any lay-in need.

STACK Pack™

Your high-value, cost-effective and jobsite friendly fixture. Just one box ships four 2'x2' fixtures or two 2'x4' fixtures.

STACK Switch™

Get the convenience and innovation of fully switchable technology while enjoying the same form factor as the rest of the family.

STACK™

The updated performance, high-configurable, aesthetically pleasing center-element that can cover almost any desire.

STACK Prime™

The most configurable option that specializes in going above and beyond expectations. It is visually comfortable, highly efficient, and has integrated trim rings to set it apart.
