FEATURES & SPECIFICATIONS

INTENDED USE

Provides general illumination in residential and light commercial applications. Ideal for kitchens, bathrooms, bedrooms, foyers, offices and any other medium-sized room requiring an energy-efficient decorative ceiling-mount fixture.

CONSTRUCTION

Fan-shaped details on the low-profile, matte white acrylic diffuser create more subtle details than a light fixture with contrasting finishes on housings or trims. The Crenelle also features tool-free bulb replacement and easy installation.

Can be mounted to flat and sloped ceilings.

Includes (1) 22W and (1) 32W 4100K circline fluorescent lamps with 10,000 hour average lives.

Standard with 120 volt, 60Hz electronic ballast that ensures no flickering and quiet operation without interfering with other electronics.

Use with non-dimmable switches only.

All mounting hardware included.

LISTINGS

UL certified to US safety standards and suitable for damp locations. ENERGY STAR® certified.

WARRANTY

Guaranteed for two years against mechanical defects (excludes lamps).
