

**PRODUCT DESCRIPTION**

Maxim's Cove recessed downlight series offers a IC Airtight UL rated Outlet Box that is fitted to the fixture for easy installation without the use of a recessed housing. To reduce glare that is associated with other recessed downlights, the Cove uses an innovative concave lens that directs the light upward and is then reflected back down offering even and abundant illumination. Fire Rated and available in standard 120V, Triac dimming, with Color Temperature of 3000K, and CRI of 90+, the Cove is one of the most versatile downlights in the market.
