

STARSTRAND DIRECT WIRE DRIVER INSTRUCTIONS

L	=	Line	N	=	Neutral		=	Ground
---	---	------	---	---	---------	---	---	--------

- Polarity must be maintained. Each driver output cord and tape has + positive pin. Connectors are marked with + symbol. Positive polarity must be maintained or a section will not light. It is recommended to install all sections and power up to make sure polarity is correct before adhering to surface.
- Direct wire drivers should be installed into a U.L. listed wire connection box.
