INSTALLATION

Thickness
5/16"

Grout Joint Recommendation
Approx. 1/8"
When using staggered joint installations
overlap is not to exceed 33%

Shade Variation
Low

**Large format and rectangular wall tile require specific attention during installation. In view of ANSI and manufacturing tolerances, it is understood no more than 33% offset should be used for install.*

TEST RESULTS

	ASTM#	Results
Water Absorption	C373	< 20.0%
Breaking Strength	C648	> 120 lbs
Scratch Hardness	MOHS	4.0 - 6.5
Chemical Resistance	C650	Resistant
