

WEATHERED BEAUTY

HARDWOOD

Capture classic Americana and the rustic beauty of a Midwestern barn loft with the reclaimed brown hardwood offerings that make up Weathered Beauty Collection. Deep sandblasted texture and heavy wire-brushed planks characterize this homage to countryside living. Flawlessly mimicking weathered wood with rustic character, the wire-brushing pulls out deep exposed grain for a truly distinctive tactile surface with amazing, antique-style color saturation. Offering longer, wider planks for fashion-forward floors, Weathered Beauty features 7" width and 9/16" thickness. Ultra-low gloss TruFinish™ helps highlight every detail revealed by the beautiful wire-brushed technique while providing decades of beauty with minimal maintenance. Turn your home into an idyllic, natural destination with these cozy, chic hardwood choices.
