

## LIGHT COMMERCIAL HARDWOOD WARRANTIES

### Limited Warranties for Mohawk SolidWood & TecWood Floors

#### Manufacturing Defects

Mohawk\* ("Mohawk") hereby warrants to the original buyer ("Buyer") the SolidWood & TecWood floors for light commercial use ("Mohawk Wood Floors") to be free from manufacturing defects for a period of Five Years from the date of purchase. Hardwood is a natural product and may have naturally occurring variations in grain and color, mineral streaks and knots. The owner/installer of a Mohawk Wood Floor must use reasonable selectivity and hold out or cut off objectionable naturally occurring blemishes prior to installation.

#### Finish Warranty

Mohawk hereby warrants to the Buyer that the factory applied finish of the Mohawk Wood Floor will not wear through or will not lack finish adhesion as a result of normal use for a period of Five Years from the date of purchase. Diminished gloss is not considered wear through of the finish. In the event the finish wears through or releases from the Mohawk Wood Floor, Mohawk will, at its option, repair or replace the affected planks or area, prorated over the remaining life of this warranty. This warranty is conditioned upon Mohawk's receipt of notice in writing from the Buyer of the alleged defect prior to expiration of the limited warranty period and evidence that the Mohawk Wood Floor is not subject to any of the limitations described below.

#### Structure Warranty (exclusively for TecWood Floors)

Mohawk hereby warrants to the Buyer of Mohawk TecWood flooring products that, under normal use, the plies will not separate for a period of Five Years from the date of purchase. Mohawk will, at its option, repair or replace any defective planks showing separation during this warranty period.

#### Jobsite Conditions

Mohawk recommends that all Mohawk Wood Floors be acclimated before installation. The purpose of acclimation is to allow the moisture content of the wood to adjust to "normal living conditions" at the site. These are the temperature and humidity conditions that will typically be experienced once the structure is occupied.

The room temperature must be within the range of 60 to 80°F, with relative humidity in a range of 35 to 60%. These environmental conditions are specified as pre-installation requirements and should be maintained for the life of the product. Environmental conditions consistently outside of these parameters could result in product performance problems not covered under these warranties.

#### Limitations on Liability

In the event Mohawk determines that one or more of the above warranties apply to a claim by Buyer, Buyer's exclusive remedy and Mohawk's sole liability on any claim, whether in tort, contract, or breach of warranty, shall be limited to either (1) the repair or replacement of the defective Mohawk Wood Floor for the affected area only, or (2) the refund of the applicable purchase price. **MOHAWK HEREBY DISCLAIMS ALL OTHER WARRANTIES WHATSOEVER, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT SHALL MOHAWK HAVE ANY OTHER LIABILITY OR ANY MONETARY LIABILITY TO BUYER IN EXCESS OF THE PURCHASE PRICE OF THE MOHAWK WOOD FLOOR. MOHAWK EXPRESSLY EXCLUDES AND SHALL NOT BE RESPONSIBLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY KIND.** If Mohawk shall elect to repair or replace the Mohawk Wood Floor which is proven defective, then Mohawk will supply a new Mohawk Wood Floor of the same color and grade if available. If such Mohawk Wood Floor is unavailable or discontinued, Mohawk reserves the right to supply a Mohawk Wood Floor of similar value and appearance.

These limited warranties do not apply to Cabin grade or other downgraded or discontinued Mohawk Wood Floors and any such product(s) are sold "as is". Any and all representations, promises, warranties or statements by Mohawk or its agents that differ in any manner from the terms of these limited warranties shall be of no force or effect unless in writing, signed by a duly authorized officer of Mohawk.

## Light Commercial Warranty

### Any of the following shall void and invalidate the above limited warranties:

**Visible Defects** — Boards with visible defects must not be installed. Visible defects are those defects which are apparent on the face of the flooring. Boards with visible defects must be noted by the installer and reported before installation so that replacement flooring can be furnished before installation.

**Building Settling or Uneven Subfloor** — Building setting or uneven subfloors are considered part of the pre-installation inspection process. Do not install the Mohawk Wood Floor if these conditions exist. Mohawk's limited warranties do not cover damage or defects caused by settling or uneven subfloors.

**Improper Installation** — Mohawk Wood Floors must be installed in strict accordance with Mohawk's written installation instructions. Improper installation counter to Mohawk's written installation instructions can result in failure of Mohawk Wood Floors. Mohawk's limited warranties do not cover damage or defects caused by improper installation.

**Improper Maintenance or Inadequate Care** — Mohawk Wood Floors require maintenance performed in accordance with Mohawk's written maintenance instructions. These limited warranties do not cover damage or defects caused by improper maintenance or inadequate care.

**Refinishing** — While the factory finish of the Mohawk Wood Floor may be refinished, doing so will void the Finish warranty.

**Accidents, Abuse or Abnormal Wear** — Mohawk does not warrant for damage or defects resulting from accidents, abuses, or abnormal usage which stain or scratch the finish, diminish gloss, or indent the surface of the Mohawk Wood Floor. Mohawk's limited warranties also do not cover damage or defects caused by heavy or concentrated foot traffic, damage by pet claws (nails), Mohawk Wood Floors require maintenance performed in accordance with Mohawk's written maintenance instructions.

**Indentations from High Heels on Shoes** — A high heel can concentrate as much as 2,000 pounds per square inch on the floor. This type of heel has a diameter of approximately 3/8", and walking on any wood surface with high heels is considered abuse. Mohawk's limited warranties do not cover damage or defects caused by high heels, shoes in need of repair, or cleats.

**Problems with Moisture or Dryness** — Mohawk's limited warranties do not cover damage or defects caused by wetting or the presence of excessive moisture, or by conditions that are too dry. Flooding, acts of God, plumbing accidents, leaking appliances (icemakers, dishwashers, clothes washers, etc.) are not covered by this warranty. See Mohawk's written installation instructions for more details.

**Excessive Lighting** — Mohawk's limited warranties do not cover damage or defects including but not limited to color change caused by excessive sunlight or intense lighting. Excessive sunlight or intense lighting can cause color changes in the finished product. Window treatments will usually provide adequate protection against excessive lighting or intense sunlight. Additionally, due to the effects of excessive sunlight or intense lighting, new and/or replacement Mohawk Wood Floors may not match display samples and/or existing flooring.

**Difference from Samples** — Mohawk's limited warranties do not cover the visible differences between color samples and color of installed floors. Please approve the color of the actual Mohawk Wood Floor prior to installation.

**Radiant Heating** — SolidWood is not warranted for use with radiant heating systems. TecWood may be used with radiant heating systems provided they are installed in compliance with Mohawk's written installation instructions.

**Transferability** — These warranties apply only to the original Buyer and to the Mohawk Wood Floor in its original installation. These warranties are not transferable.

**Your Obligation to Mohawk** — The buyer agrees to follow all installation, care and maintenance directions related to the Mohawk Wood Floor. Buyer also agrees to allow Mohawk the opportunity to repair any claimed defects. If removal or repair of flooring occurs before Mohawk inspects the installed floor, warranty may be void. The original proof of purchase must be supplied along with a warranty claim submission.

### Light Commercial Hardwood Flooring Care and Maintenance Recommendations

Mohawk Wood Floors require daily interim maintenance in high traffic areas in addition to overall weekly maintenance in order to maintain the beauty of their appearance over time. The recommendations in this section are in accordance with guidelines required to maintain the coverage of the limited warranties and will prolong the life of the Mohawk Wood Floor.

#### Preventative Maintenance

- Use coarse textured protective mats at all exterior entrances for soil reduction and absorbent mats at all interior entrances to reduce tracked-in moisture. All mats should be changed weekly or more frequently if heavily soiled.
- Vacuum or sweep the floor regularly. Warning: Vacuums with a beater bar or power rotary brush head can damage a wood floor and should never be used.
- Remove spills promptly.
- Use felt protectors under chairs and heavy pieces of furniture.
- Footwear should be periodically checked for wear. Shoes in need of repair or spiked heels or shoes in need of repair can severely damage hardwood floors.
- To help preserve the original look of hardwood flooring, close window treatments during hours of direct sunlight and minimize excessive lighting wherever possible.
- Keep pets' nails trimmed to prevent damage to the floor.
- Protect the floor when using a dolly for moving furniture or appliances. Never slide or roll heavy furniture or appliances across the floor.
- Never wet or damp mop hardwood floors.

#### Regular Care

Mohawk Wood Floors are easy to care for and require no waxing. When the appearance of the floor becomes dulled by the effects of soil, simply use Mohawk Floor Care Essentials Hardwood Cleaner and a specialty terry cloth or microfiber flooring mop available from most flooring retailers.

- **Step One:** Vacuum or sweep the floor to remove any particles that could scratch the floor. Warning: Vacuums with a beater bar or power rotary brush head can damage a floor and should never be used.
- **Step Two:** Apply hardwood cleaner directly to the flooring mop, not the floor.
- **Step Three:** Use a back and forth motion with the mop. When the mop cover becomes soiled, simply replace it with a clean one. Cleaning the floor with a soiled cover could cause streaking. The covers are re-useable so simply throw the cover in the wash and dry it with any towel.

**Never wet or damp mop hardwood floors. Water can cause damage to wood flooring.**

**Never use oil soaps, wax, liquid detergent or other household products to clean the floor.**

**If the floor becomes scratched or dull, repairs can often be made using repair accessories. Contact the installing flooring subcontractor for information.**
