

Making Dream Surfaces Attainable

MSI Glue-Down LVT Care and Maintenance

Maintenance:

- Sweep regularly, with a soft bristle broom.
- Use felt protectors under heavy pieces of furniture and chairs.
- Use protective mats at all exterior entrances. Do not use mats or area rug cushions constructed of rubber or PVC. Instead use urethane backed products.
- Spiked heels or shoes in need of repair can severely damage your floor.
- Replace hard plastic, metal casters or wheels on furniture with soft rubber casters or by using a protective mat under the casters.
- The sun's UV rays can change the color of your floor.
- Keep animal nails trimmed.
- Protect your floor when using a dolly for moving furniture or appliances. Never slide or roll heavy furniture or appliances across the floor.

*Exterior walk off mats should be routinely maintained to avoid becoming a soil source.

Note - The suggestions mentioned above are for general practice. In case of a particular project, it is recommended that a professional installer/fabricator/restorer is consulted. It is also recommend that cleaning solutions are tried in an isolated area to check for desired results. MSI disclaims any liability towards the use of any care & maintenance products.
