HARDWARE KIT**

INSPIRATIONAL GUIDE

Made By Me™

An entryway is the first impression inside the home, the room that sets the tone for the rest of the space. A well-appointed entryway can determine whether we leave the home in an anxious scramble or totally collected. What's more, this humble setting gives visitors their first glimpse into our homes and an idea of our personal style.

LET'S START BUILDING™

INVITE INSPIRATION™

This Made By Me Kit holds the power to make keys, backpacks and umbrellas accessible at your finger tips. Hooks like these can make their way from entry to basement to bedroom to bathroom to kitchen and even to a closet.

SPACE PLANNING

Use these hooks to hang your bulky gym bag in your entryway or to display your hat collection in your bedroom. Remember, if you have more than 3 items, you can always get 2 or 3 sets and hang 6, 9 or 12 items together to create your ideal space. Don't limit your imagination to our imagery, your house should be the home you need it to be, so go wild!
