

# PEHWU

## Wet Location Emergency Light

### Specifications:

#### Description:

The PEHWU-82 is a wet location listed emergency lighting unit. The housing is made of injection molded, flame retardant thermoplastic with a gray finish. The heads are fully adjustable and each contain two 6VDC, 7 watt halogen lamps and are integrated inside and protected by a fully-gasketed and high impact poly-carbonate shield. The back housing contains a molded-in template for wall mounting to any standard universal J-Box. Front cover is secured with 2 gasketed screws.

#### Features:

- Dual voltage input 120/277 VAC, 60 Hz
- AC Lock-out feature prevents battery discharge until unit is energized
- Maintenance-free 6 VDC, 4.5 Ah lead calcium battery
- Low voltage battery disconnect prevents deep discharge
- Fully automatic, solid state charger
- AC-on indicator and Push-to-Test switch
- MR-16 Halogen Adjustable Lamps

#### Application:

The unit is UL 924 listed for wet application. For use from 10° to 40°C (50° to 104°F).

#### Compliances:

- UL924
- Wet Location Listed

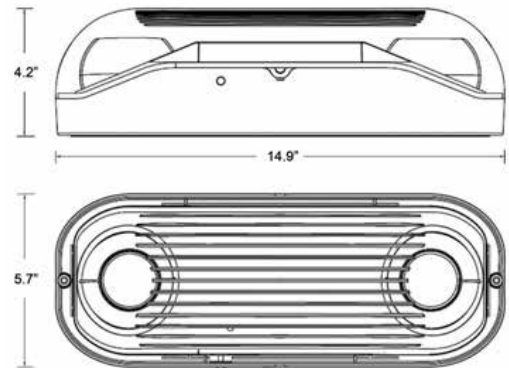

#### Warranty:

1 year from date of purchase but does not include fuses or lamps
