

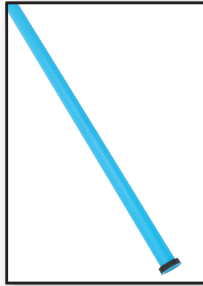

Fig.1

Fig.2

- Made from cross-linked polyethylene PEX tubing
- Rated for a 400°F waterway
- Can be cut to length with PEX tubing cutter
- PROSELECT dip tubes & discharge tubes are certified to applicable parts of the following standards:
 - UL 174 "Household Electric Storage Tank Water Heaters"
 - UL 1453 "Booster and Commercial Storage Tank Water Heaters"
 - ANSI Z21.10 "Storage Water Heaters"
 - IAS 1-89 "Non-metallic Dip Tubes"
 - ANSI/NSF 61 "Drinking Water System Components - Health Effects"
 - IAS/CSA 1-89, ANSI Z21.10.1 and Z21.10.3
 - ANSI Z21.98 "225°F temperature rating"
- UL & CSA certification files:
 - CSA Certificate of Compliance 1013314 (113104)
[Master Contract 150236] for "Dip Tubes - Nonmetallic"
 - UL MH25278 (cert to NSF 61)
 - UL MH17611 (cert to UL 174 and 1453)
