

## Assembly Instruction Sheet #IS-CNC5005TC For Style CNC5005TC

Please go to www.guoizel.com for product cleaning tips. Go to the Care + Maintenance selection. Tools Required: Flathead screwdriver, Phillips screwdriver, pliers, wire cutters, wire strippers, electrical tape, safety glasses. Light Source: (5) B10 Candelabra Base Bulbs 60W Maximum. Estimated Assembly Time: 30-45 minutes Preparation: Identify and inspectal parts before beginning installation. Check package content list and diagrams below to be sure all parts are present. If any parts are missing or damaged, do not attempt to assemble, install, or operate the fixture. Contact customer service for replacement parts. A Warnings and Cautions Turn off electricity at circuit breaker or main fuse box before installation. Consult a licensed electrician if in doubt. These instructions are provided for your safety. It is very important you read them completely before installing the fixture. We strongly recommend that a licensed, professional electrician perform the installation. Disconnect fixture from power source before replacing bulbs. Make sure bulbs are given sufficient time to cool before removal. Package Contents STEP 2 - Install the Crossbar to the junction box A. Attach the Crossbar (AA) to the Outlet Box with the head of the Green Ground Screw facing you. Secure it with Outlet Box Screws (not included), tighten until snug. Fixture Body B Center Rod **Outlet Box** x 1 A Assembly Green Ground x 1 AA Screw Outlet Box Screw (not included) Decorative С Chain Figure 2 Bead x 5 String D x 5 STEP 3 - Install the Canopy Chain Loop and Nipple A. Thread one Hex Nut (CC) to one end of the Nipple (DD) until it is at Hardware Contents least 0.25" from the end. Pass one Lock Washer (BB) over the end Canopy EE Chain Loop of the Nipple (DD) and thread the Canopy Chain Loop (EE) onto the x 1 Nipple (DD). By using pliers, thread the Hex Nut (CC) against the ) () Canopy Lock Canopy Chain Loop (EE) and hand tighten until snug. Ring B. Thread another Hex Nut (CC) to the middle of the Nipple (DD). Crossbar x 1 Place another Lock Washer (BB) over the Nipple (DD) and then thread the Nipple (DD) into the Crossbar (AA) until the Nipple (DD) **Fixture Chain** GG Lock Washer is about 0.375" above the Crossbar (AA). x 1 x 2 C. Remove the Canopy Lock Ring (FF) from the Canopy Chain Loop Quick Link (EE). Place the Ceiling Canopy (II) over the Canopy Chain Loop Hex Nut CC x 2 (EE) against the ceiling to x 2 Ceiling determine the correct Nipple II Canopy DD position of the Nipple (DD). x 1 Thread the Canopy Lock Ring onto the Canopy Chain Loop (EE). Adjust the STEP 1 - Assemble Center Rod BB Step B Assembly to Fixture Body Nipple (DD) to allow the CC AA Ceiling Canopy (II) to rest A. Thread the Center Rod Assembly (A) against the ceiling when DD onto the top center of the Fixture held in place by the Canopy Lock Ring (FF). Body (B). Hand tighten until snug. D. Remove the Canopy Lock CC Α Ring (FF) and the Ceiling BB Step A Canopy (II). Tighten the Hex Nut (CC) against the Crossbar (AA) to secure in EE place Ш FF B Figure 1 Figure 3 Thank you for purchasing a Quoizel product. Need assistance with parts or assembly? #### STEP 4 - Install the Fixture Chain and Ceiling Canopy

- A. Adjust the Fixture Chain (GG) to your desired length by removing links if needed.
- B. Pull the supply wires through the Fixture Chain (GG) alternating links. After the wires are through the Fixture Chain (GG), pull the Supply Wires and the Ground Wire through the Canopy Lock Ring (FF) and the Ceiling Canopy (II) in order.
- C. Attach one end of the Fixture Chain (GG) to the Fixture Loop with one Quick Link (HH). Lift the
- fixture and Fixture Chain (GG) up and attach the other end of the Fixture Chain (GG) onto the Canopy Chain Loop (EE) with another Quick Link (HH). The fixture will now hang safely.
- D. Feed the Supply Wires and Ground Wire through the Canopy Chain Loop (EE) and Nipple (DD) Ground Wire into the Outlet Box. Cut the wires leaving approximately 8" of wire extending from the Outlet Box.
- E. Go to Step 5 for wire connections and follow the directions. Return to Step F in this step when complete with Step 5.
- F. Raise the Ceiling Canopy (II) and Canopy Lock Ring (FF) up the Fixture Chain (GG) and over the Canopy Chain Loop (EE). Tighten the Canopy Lock Ring (FF) onto the Canopy Chain Loop (EE) until tight.

Suggested chain length for Ceiling height : 8' ceiling : use 3 links of chain and 2 quick links 9' ceiling : use 13 links of chain and 2 quick links 10' ceiling : use 23 links of chain and 2 quick links

#### STEP 6 - Assemble Decorative Chains and Bead Strings to Fixture Body and Install Bulbs

- A. Attach one end of the Decorative Chain (C) to the hanger on one support arm. Attach another end of the Decorative Chain (C) to the hanger on the next support arm.
- B. Attach Bead Strings (D) to hangers on support arms.
- C. Insert bulbs onto sockets and screw snugly into place.

Your fixture is now assembled and ready to use. Enjoy!

### CNC5005TC FINISH: TUSCAN BROWN

#### NOTE: ALL DIMENSIONS ARE ROUNDED UP TO THE NEAREST 1/4'

#### STEP 5 - Making the Wire Connections

© 2017 Quoizel Inc.

A. Use standard wire connectors (not included) to make all wire connections. Twist connectors until wires are tightly joined together. Wrap each connection with approved electrical tape and carefully stuff all the connected wires into outlet box.

Note: If the electrical wire is going to be cut shorter than provided you will need to identify the "L" line wire and the "N" neutral wire before you cut the excess wire off. One is labeled N and the other labeled L. To do this separate the "L" line wire and the "N" neutral wire as far as you need to. Re-label the wire near where you want to make the cut. Be sure to mark the wire on the side of the fixture and not on the excess wire being cut and removed.
