

49" Wall Mounted/Recessed Electric Fireplace Insert

Developed as an alternative to wood burning and gas fireplaces the Real Flame® Wall Mounted/Recessed Electric Fireplace Insert mimics the look of a real fire, but does not require a chimney or vents and plugs into a standard outlet for convenient set up. This modern fireplace insert can be hung directly on the wall or recessed into the wall for a built-in look and features multiple heat and flame color settings. The heat option can be turned off so you can enjoy the welcoming ambiance of your fireplace year-round. A remote control, mounting hardware, a log set and two filler options are included.

Available finish: Black

5555

Assembled Dimensions:

- 48.875"L x 5.25"W x 21.25"H; 52 lbs
