

Gunnison Electric Fireplace

The Gunnison Electric Fireplace has a rustic, crafted look with a generous mantel and a rich barnwood finish. The columns on the side of this fireplace are hinge-mounted and open to reveal hidden storage. Exclusively designed, the Vivid Flame Grand Electric Firebox is 30% larger than our standard firebox and mimics the look of a real fire, but does not require a chimney or vents. Features include infrared LED technology, six thermostat settings and dynamic glowing embers.

Available finish: Chestnut Barnwood

Chestnut Barnwood

8700E

Assembled Dimensions:

- 64"L x 17"W x 46"H; 165 lbs
