

# NOVENT LLC

## TAMPER RESISTANT REFRIGERANT CAPS

Patent # 6,612,455

### Deterrent Against

- Unauthorized access to refrigerant service ports by non-trained personnel.
- Theft of valuable refrigerant.
- Accidental mixing of refrigerant.
- Illegal venting of refrigerant.

Novent Caps are designed as a lock to deter tampering with otherwise easily accessed refrigerant service valves, with the potential for physical harm to those not trained to handle refrigerant products. They can also be used to identify certain refrigerants to prevent mixing, causing hundreds of dollars in damage to systems.
