

REGINA ANDREW

DETROIT

Figure 1

ITEM NO: 16-1184
Cheshire Chandelier Small

CAREFULLY INSPECT THE ITEM BEFORE INSTALLATION.

WE STRONGLY RECOMMEND THE ITEM BE INSTALLED BY A LICENSED ELECTRICIAN. These instructions are provided for your safety. It is very important that they are read completely before beginning the installation of your fixture.

ASSEMBLY INSTRUCTIONS

FOR WIRING DIRECTLY INTO THE JUNCTION BOX (Figure1)

1. Turn off the breaker to the junction box at the electrical panel.
2. Inspect all parts and inventory, making sure to check all sides of the packaging for additional parts.
3. Install the crossbar onto the junction box with the included machine screws.
4. Determine the desired height of the fixture. Press the gripper down and adjust the steel cable to the proper height, then loosen the gripper.
5. Trim the electrical cords to length, making sure to leave an extra 6-10 inches to make all connections.
6. Insert the proper bulbs into the sockets.
7. Run all electrical into the junction box. Attach ground wire from fixture to ground wire from junction box. Fasten wires together with wire nut and tightly wrap connection with electrical tape. Attach hot wire from fixture (black color or smooth side of wire) to hot wire from junction box. Fasten wires together with wire nut and tightly wrap connection with electrical tape. Attach neutral wire from fixture (white in color or ribbed side of wire) to neutral wire from junction box. Fasten wires together with wire nut and tightly wrap connection with electrical tape. Carefully push wire connections back into ceiling junction box.
8. Carefully slide the canopy up over any extensions and secure it to the crossbar.
9. Turn the breaker to the junction box back on and enjoy.

CLEANING AND CARE:

Use a soft cloth only, do not use any chemical or abrasive cleaners

Made in China
