

Shown with: Victoria + Albert® Corvara Bathtub and Kaldera 56 Sink

Miscelo means to mix or blend, and the Miscelo Collection encourages mixing, matching, and experimenting with shade and surface. Italian designer Nilo Gioacchini started with a sleek, minimal look, then added a touch of drama that offers a multitude of faucet variations. Select from five accents in different hues and textures to top the Miscelo neck and handle. Options expand further with a choice of finishes to create a bespoke look that's uniquely personal. Miscelo brings eye-catching accents to the bathroom, for flair with imagination and panache.
