Less Microfiber™ Filter

Help to protect the planet by reducing the half a million tons of plastic microfibers from laundry that are released into the ocean every year.* The Less Microfiber™ Filter captures up to 98% of microfibers** released when washing, as they cannot be removed by normal water purification plants.

* "Fashion's tiny hidden secret", United Nations Environment Programme (www.unep.org/news-and-stories/story/fashions-tiny-hidden-secret).

** Captures approximately 89-98%; laboratory tested using 2kg synthetic fabric load in the Samsung washing machine.

- Install your Less Microfiber™ Filter in ways¹ to suit your needs and the design of your home.
- Less Microfiber™ Filter works effectively without debris clogging for up to 30 uses and allows for easy disposal² and reuse.
- Wi-Fi Connectivity with SmartThings³ allows for easy monitoring of when the filter needs cleaning.

¹ Must be installed higher than the washing machine drain.

² T/L: Available only for drainage pump application models (North America etc.).

³ Available on Android and iOS devices. A Wi-Fi connection and a Samsung account are required.

Model

FT-MF/A1

UPC Code

887276786506

Product Dimensions (WxHxD)

Dimensions: 3¹⁵/₁₆" x 8⁷/₁₆" x 11¹/₁₆"

Weight

4.4 lbs

Shipping Dimensions (WxHxD)

Dimensions: 13³/₄" x 11¹³/₁₆" x 11⁵/₈"

Weight

7.9 lbs
