1.8 cu. ft. Over-the-Range Microwave

Sensor Cooking:

Automatic cooking and reheating of food using sensor technology adjusts the time based on the vapors emitted by the food during cooking.

400 CFM Ventilation:

Samsung's powerful ventilation system quickly and quietly eliminates any food odor.

Electronic Touch Control:

Lets you easily program the desired cooking time and power level, at the gentle press of a button, for error-free results every time.

Digital Cooking Timer:

Provides precise readouts of elapsed cooking times for all dishes, in increments up to 99 minutes and 99 seconds.

Two-Stage Programmable Cooking:

Vital time-saving function, that allows you to easily program initial defrost plus a corresponding two-step recipe for that food simultaneously.

Soften/Melt:

A useful menu option for quick preparation of common recipes: melt chocolate, soften cream cheese, and melt butter with ease.

Kids Meal:

Chicken nuggets, hot dogs, french fries, and frozen sandwiches require only a few minutes to prepare.

Snacks:

Allows quick and easy cooking of favorite snacks. Choose from nachos, chicken wings, potato skins, or cheese sticks.

More/Less Time Adjust:

Adjusts the cooking time for any of the instant cook pad selections. While the oven is cooking, more/less automatically adds or subtracts time from the instant cook selection.

Auto Defrost:

Functions efficiently based on the weight of the food being cooked. Simply select the weight, and the microwave does the rest.

Specifications:

- Oven Cavity: 1.8 cu. ft.
- Power Output: 1100 W
- Power Consumption: 1650 W / 14.5 Amperes
- Power Source: 120 V/60 Hz
- Control Method: Digital (Membrane Touch)
