

1. Carefully unpack and identify all parts referring to the illustration for parts identification.
2. Turn power to the installation point **OFF**.
3. Thread the top end of stem (B) into the coupling at the bottom of fixture body (A). Hand tightens until snug.
4. Pass the center hole of column (C), small column (D) over the protruding nipple (B) and secure with finial (E). Hand tighten until snug.
5. Attach the ends of decorative chain (A2) to the hooks on column (A1). As shown.
6. Referring to the installation instruction with the product for the wiring and installation.
7. Place candle sleeve (F) over each socket.
8. Install proper bulbs (not provided) to each socket referring to the markings and / or labels on the fixture for maximum wattage.
9. Unthread the screws (H) from caps of the fixture body (A), then insert the top neck of the glass (G) into the caps and secure them with the screws (H). Do not over tighten the screws.
10. Restore power to the installation point **ON**. Retain this sheet for future reference.
