EASY TOUCH AUTOMATIC DRAWER SYSTEM

We Open the Door For You

Sharp's exclusive Easy Touch Automatic Drawer system smoothly and easily opens and enables a hand-free close for your Microwave Drawer. It opens with a gentle pull or the touch of a button and when your hands are full all you need to do is give the drawer a small nudge and it smoothly glides closed. A smooth gliding drawer prevents liquids from spilling during opening and closing.

CONVENIENT KITCHEN PLACEMENT

Take steps out of your cooking

Place the microwave closer to your work area to save time and hassle. The Microwave Drawer allows you to choose a location that works for your lifestyle. Cooking is easier and faster when the Sharp Microwave Drawer Oven is installed adjacent to your food preparation area, in islands, peninsulas or under the counter.

HIDDEN CONTROLS

Control When You Want It

The newest design on the Sharp Microwave Drawer Oven offers a concealed control panel that opens to an easy-to-read and easy-to-operate 45° angle.

EASIER COOKING AND CLEAN UP

The Sharp Microwave Drawer Oven makes cooking and cleaning easier by putting the microwave at an accessible height. Easily lift hot foods from the Drawer. Stir dishes without removing them. And low sides and a virtual Carousel® make cleaning a breeze.
