Compatible with Sharp® Countertop Microwave Oven Sizes 1.8 cu. ft. and Larger

Stylish Design and a Stainless Steel Finish Creates a Seamless, Built-in Appearance

Includes Ducts, Finish Trim, and Easy-to-Follow Instructions

Always Refer to the Installation Guide for Recommendations

SMC1585BS Convection Microwave Oven with the RK-94S30 Trim Kit

When building-in a Sharp® Countertop Microwave Oven, be sure to use the proper Sharp built-in kit. All Sharp kits are UL approved and provide ductwork to assure proper air circulation around the product. Never enclose a microwave oven so tightly that air cannot circulate around it. It will not function properly in a tight enclosure. Prepare the cabinet or wall opening to provide access to a separate 3-pronged, 120V AC outlet of 15 amps or greater. Not all microwave ovens can be built-in. Check the nameplate located on the inside of the microwave oven for the correct built-in kit. Always refer to the installation guide for recommendations.
