BLOSSOM - BLUE GOLD

The first sign of spring is a dense cloud of blackthorn blossoms, covering the English countryside with a flowering sea of ethereal petals. These blooms offer a home to nesting birds, and pollen to bees and butterflies. Come summer, the blossoms transform into dark blue berries. Here, their flowers are embellished on Shaws® kitchen sinks to make spring last year after year.

PATINA - BLUE GOLD

A patina is formed through a chemical reaction creating a lush abstraction of color and shine. Patina is also the aura of refinement that comes with time. The patina design incorporated into Shaws® sinks fits both descriptions. A blending of shade and hue adorns sinks that are created by hand according to traditions set in 1897. Together they form a timeless look that is the epitome of understated luxury.
