

PDS-1000 PORTABLE DECONTAMINATION SHOWER

The PDS-1000 portable decontamination shower is lightweight and completely portable. It is ideal for most decontamination applications where a permanent shower is not practical. The unique design permits the user to collapse this unit into an integral, easy to carry case that can easily fit into any vehicle. Two integral couplings allow the unit to be assembled in seconds making deployment a snap. Durable stainless steel and aluminum construction make this unit virtually indestructible providing years of maintenance free service.
