

LX114LPTP

19.25" x 13.75" x 17.25" (H x W x D)

BeautiFridge compact cosmetics cooler with pink trimmed glass door, lock, matte blush pink shelves, and digital controls set for the storage of beauty products

Highlights:

Perfectly sized to fit into bathroom fixtures, powder rooms, or vanity tables

Adjustable digital controls specially set to run at the proper storage temperature for most beauty products

Removable storage trays feature in a matte blush finish

Product Features:

| | |
|--|---|
| BeautiFridge Cosmetics Refrigerator | Designed and constructed to ensure the proper storage conditions for skincare products |
| Specially designed for cosmetic storage | Warmer temperature setting via digital controls allow the perfect storage conditions for high value creams, cosmetics, and perfumes |
| Ideal storage temperature | Operates between 42° and 65°F to keep cosmetics properly cooled |
| Powerful compressor-based cooling system | Unlike thermoelectric cosmetics coolers, this model features a commercial grade cooling system to ensure faster cooling and a more stabilized temperature performance |
| Digital thermostat | Adjustable thermostat located inside to prevent unsupervised temperature changes |
| Compact dimensions | Less than 14" wide and 18" deep to allow for placement on vanities, countertops, and similar spaces |
| Pink trimmed door | Door frame features a gentle blush trim in a matte texture |
| Double pane tempered glass door | Heat resistant design provides clear view of stored products |
| Automatic defrost | No-frost convenience for reduced user maintenance |
