

# SDHWC98PNRLHD

71.75" x 23.5" x 18" (H x W x D)

24" wide shallow 18" deep premium dual zone wine cellar for built-in installation, with panel-ready glass door, stainless steel interior, black cabinet, lock, and digital controls

### Highlights:

- Panel-ready door trim lets you blend the unit into your own cabinetry
- Shallow 18" depth ideal for a variety of applications
- Full-extension shelving on ball-bearing glides to roll out smoothly for easy loading

### Product Features:

|                                                           |                                                                                                                                                                       |
|-----------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 24" Wide Premium Wine Cellar                              | Built-in 98-bottle wine cooler for dual zone storage in shallow cutouts                                                                                               |
| Shallow depth                                             | 18" depth offers slim-fitting elegance, perfect for narrow home bars and kitchen corners, converted spaces, or other spots where you can't fit a full-depth unit      |
| Built-in design                                           | Front-breathing cooling system to allow seamless integration inside cabinetry (recommended opening: 72" H x 24" W x 20" D)                                            |
| Dual zone storage                                         | Upper zone operates between 41 and 50°F for chilled white and sparkling wine storage, while the lower zone can be set between 50 and 64°F to best preserve red wine   |
| Panel-ready door trim                                     | Customize your wine cellar to blend into your cabinetry; recommended panel dimensions: 3/4" thickness at 67 3/4" H x 23 3/4" W with a 3 1/4" H x 3 1/4" W inner frame |
| Easy panel installation with included 2-piece bracket kit | Enhanced panel execution allows the unit to be flush with cabinets                                                                                                    |
| Fully articulating style hinge                            | European style hinge design ensures a flush fit and allows for a smoother opening                                                                                     |
| Unbranded exterior                                        | Allows for seamless integration with other appliances                                                                                                                 |
| Gently tinted glass door                                  | Attractive glass door provides a complete but protected display of stored contents                                                                                    |
