

## Single Chaise Assembly Instructions

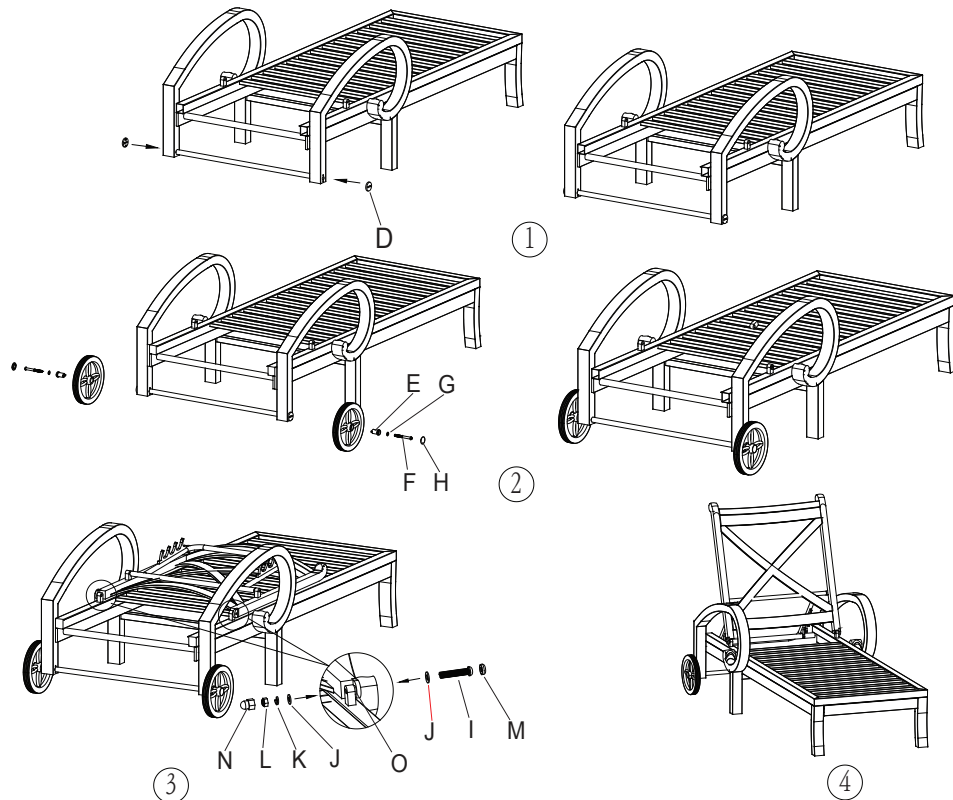

**IMPORTANT : PLEASE READ COMPLETE INSTRUCTION SHEET PRIOR TO ASSEMBLY!**  
 Identify all parts packed in carton against the parts list. Remove all protective materials, place parts on a nonabrasive surface to avoid scratching. If any parts are missing or damaged, DO NOT attempt to assemble.

**Step 1: Place chaise on a flat, soft surface. Insert the plastic plate into the holes on the legs.**

**Step 2: Attach wheels with supplied bolts and metal washers and guaid bearing**  
 Put the plastic cap on the wheels.

**Step 3: Attach the chaise back to the chaise seat with supplied bolts and lock washers and metal washers and nuts.**

**Step 4: Cover all bolts with plastic bolt caps. Your chaise is now ready for use.**

## PARTS LIST
