

# “X” Book Rack

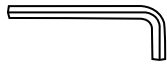

DEAR CUSTOMER,

Congratulations on your purchase of this SVLK certified Teak Book Rack! Please unpack the carton and check that you have all components.

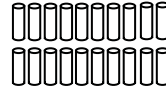

LIST OF HARDWARES:

8x Allen Bolts

1x Allen Key

20x Dowels

STEP 1/6

Lay one of the side section on it's side on level surface (preferably on soft surface), as shown.

STEP 2/6

Insert the lower shelf into the side section, as shown. Note that the lower shelf have plastic cap underneath and the tenons are more towards upper side.

STEP 3/6

Insert the upper shelf into the side section, as shown. Note that the upper shelf's tenons are more towards upper side.

STEP 4/6

Insert the other shelves, as shown. Then, insert the other side section as well.

STEP 5/6

Insert dowels by using a hammer to tap them completely into the holes, as shown. Repeat step for the other side.

STEP 6/6

Insert and tighten Allen Bolts with the Allen Key to strengthen the construction. Two each required on both sides of the lower shelf and upper shelf.
