

MINI TRANSFORMER 250W

5 YEAR WARRANTY

The industry's smallest 250 watt surface transformer allows MonoRail to be suspended just 2" from the ceiling plane for a truly minimalist look. At just 5.3" in diameter with a 1.4" depth, this mini transformer practically disappears into a MonoRail system. This versatile surface transformer is compatible with both LED and Halogen lamped 12v low-voltage pendants & heads and features die-cast aluminum construction with premium electronic components. Now protected by an industry-leading 5-year warranty.

Mounts to a standard 4" ceiling junction box with round plaster ring (provided by electrician). For the most minimal look, use with 2" rigid standoffs. Can also be used with 3" greater rigid standoffs plus a power extender if needed - visit www.techlighting.com or consult the Tech Lighting Systems Ordering Guide for details on MonoRail accessories.

Product Features:

- Ultra-small housing for a truly minimalist look
- Allows MonoRail to be installed just 2" from ceiling
- Fully dimmable using low-voltage electronic dimmer
- Compatible with both Halogen and LED fixtures
- Powers up to a 60' run of MonoRail when fed from center
- Easily installs directly to ceiling junction box
- Available in Satin Nickel or Antique Bronze finish
- 5-year warranty
