Classically modern. Clear, flame-worked borosilicate glass, commercially known as Pyrex[®], is formed into a dramatic cylinder with a flowing diagonal pattern of open glass which creates visual depth against an inner white glass diffuser. Includes low-voltage, 50 watt halogen bi-pin lamp and six feet of field-cutttable suspension cable.

INSTALLATION

Socket terminates with FreeJack male connector, which may be installed into a system connector. Elements ordered with a system prefix include a connector for that system. For use on T~TRAK, order FreeJack version and T~TRAK FreeJack Connector (sold separately).
