ULTRALOQ

U-Bolt Pro

Bluetooth Enabled Fingerprint and Keypad Smart Deadbolt

The Revolution On Your Front Door

What is Ultraloq U-Bolt Pro?

U-Bolt Pro is the most secure, and the most versatile deadbolt ever created. Never get locked outside with 6 ways to unlock with or without your smartphone: Smartphone App, Fingerprint, Passcode, Proximity Unlock, Magic Shake and Mechanical Key. The Bridge upgrade allows you to control the access to your door while you're away from your home and monitor all activity remotely.

How Does Ultraloq Work For You?

Home
Ideal for all entry doors including front door, back door and side door where security matters.

For Everyone
Works for everyone in your family. With or without smartphone. Codes are perfect for children and elderly who might not have a smartphone.

Airbnb Host
With Ultraloq U-Bolt Pro and Bridge, you can share a temporary access to your guests for a specific time period without physically being there.

Business
The right of access into each room can be controlled and monitored. No more replacing locks or exchanging keys when employees quit. Just take few seconds to delete those users in the U-tec App.

Bluetooth Smart Connectivity
Your smartphone is now your key. Just unlock your door using the U-tec App on your smartphone

Solid and Resistant
Durable Zinc alloy casing. Weatherproof exterior assembly

Auto Unlock
Unlock the door for you when you arrive at your door with your smartphone in your pocket

Share Temporary Codes and Ekey
Simply create a temporary code and Ekey for your guests in U-tec App

360° Live Fingerprint ID Unlock
Fast and accurate detection from any angle. AI fingerprint algorithm learns and improves over time

Auto Lock
Relock automatically for added security and convenience

Magic Shake
Just shake your phone to unlock your door

Easy Setup and DIY Installation
No wiring required. No drilling for American standard doors

Mechanical Key
Backup mechanical key for emergency override

Long Battery Life
4 AA batteries. Up to 8,000 times access. Low battery alarm

Front Lock Micro-USB for Emergency Power
Use an external battery to unlock your door even when the batteries are dead

Anti-peep Numeric Keypad
User defined 4-8 digit codes. Anti-peep password with backlight

More Features

Remote Access
With Bridge you can unlock or share temporary Ekeys and codes to your guests remotely.

Advanced Dual Data Encryption
Ultraloq U-Bolt Pro uses 128-bit AES data encryption and Dynamic Key as a second layer of protection.

Two Locking Status
Auto Lock and free passage.

Tri-colorLED Indicator
Shows you authorized or denied access, Bluetooth connectivity status, battery and locking status
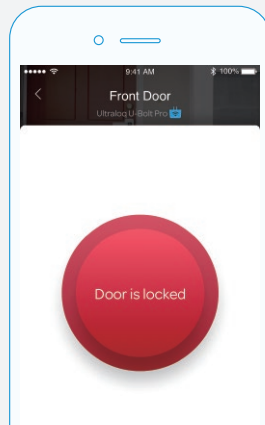

Less is More
Ultraloq U-Bolt Pro was thoughtfully designed with style and functionality in mind.
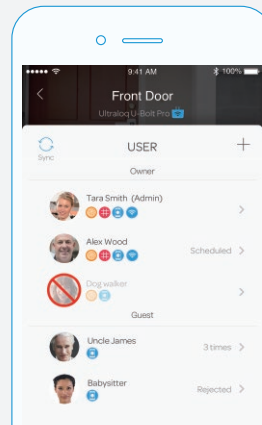

U-tec App

Download on the App Store

GET IT ON Google play

Share Ekey & Code
Grant access for specific dates or times.

Keyless Entry
U-tec App enables you to unlock your door with your smartphone.

Manage Users
Knows who has the access to your lock and how. Add or delete users.

Log Record
You can see a Log of who's entered and exactly when they did from your smartphone.

Accessories

Bridge WiFi Adaptor
