# MODEL VG07904

THE MEASUREMENTS IN INCHES ARE ROUNDED TO THE NEAREST 1/8"

#### PACKAGE CONTENTS

#### REQUIRED TOOLS

Plumber's putty or Caulk Caulking Gun Tape Measure

#### SAFETY TIPS

Observe all local plumbing and building codes.

Risk of personal injury or product damage. Handle with care. Glass can break or chip if the product is handled carelessly.

Prior to installation, unpack the new lavatory and inspect it for damage. Return the lavatory to its protective carton until you are ready to install it.

#### IMPORTANT POINTS

- 1. <u>Installation must be done by a qualified, licensed plumber.</u> The contractor must perform a dry fit prior to drilling holes in the counter top for the sink.
- 2. Drill hole size in countertop for the lavatory is Ø1 3/4".
- 3. All Vigo vessel bowls are hand made. You may expect variations in color, texture and bowl symmetry. If you notice any obvious variation or defects you should contact your retailer immediately.

#### **MAINTENANCE**

To ensure that your installation project goes smoothly, please review these instructions before proceeding.

Your new lavatory is designed for years of trouble-free performance. Keep it looking new by cleaning it periodically with a soft cloth. Avoid abrasive cleaners, steel wool and harsh chemicals.

#### REMOVING YOUR OLD LAVATORY

Turn off the water supply. This is done by closing the two shut-off valves located under the lavatory. If there are no shut-off valves leading to the lavatory, you must turn off the water at the main valve. This is usually located in the basement, garage or near the foundation on the outside of the house. It may also be near the water meter. Check to be sure the water is off by turning on the faucet where you are working until the water stops flowing. If you have shut off the main valve in a two-story house or greater, you should open the kitchen faucet and another faucet on the same level. Water will then drain from the entire line. This will help avoid spills. Be sure and close the faucets before you turn on the main valve again. Disconnect the drain pipes. Take off as many sections as possible between the lavatory and the wall or floor to facilitate removal. Place a basin under the work area to catch any water that may still be in the drain.

#### INSTALLATION

## Installation must be done by a qualified licensed plumber.

Prior to installation please read the instructions thoroughly, confirm that all parts are included and visually inspect the unit for any defects.

If you have any questions please contact the Vigo Technical Support Department before proceeding with installation.

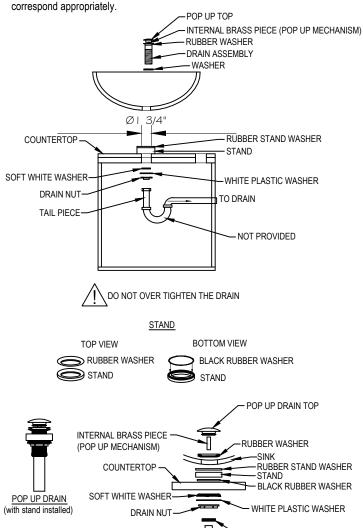

#### ASSEMBLY

- 1. Please inspect your working surface, making sure it is level and clean.
- 2. Determine the layout for the sink you desire. It is important to fully "dry" position the sink with your faucet purchase on the countertop. Things to include, but are not limited to;
- ° Leaving enough clearance behind the faucet for operation of the handle.
- ° Positioning the faucet so it does not interfere with the sink.
- ° Checking that the water flow from the faucet makes contact with the sink in the desired position.
- 3. Mark and drill Ø 1 3/4" hole on countertop for drain placement.
- 4. The sink can be mounted to the countertop with or without a stand. It is highly recommended that the customer utilize the stand. This will allow for proper cleaning around the exterior of the bowl and will make sure that there is no direct contact between your bowl and desired countertop. The stand is an optional purchase and is not included in with the purchase of the vessel bowl. Note: The stand comes as a free accessory with a Vigo style pop up. If you decide not to purchase the Vigo style pop up, the stand can be purchased through the Vigo technical support department.
- 5. If a stand is not purchased it is advised to apply a bead of caulk between the bottom of the sink and the countertop. This will prevent movement and ease the leveling process.

## ONLY THE SINK IS PROVIDED

Make sure to use the intended style drain / pop-up. The Vigo style vessel bowl does not have an overflow. Therefore the drain / pop-up needs to correspond appropriately.

# VIGO INDUSTRIES, LLC ("VIGO") GLASS SINK LIMITED LIFETIME WARRANTY

## **EFFECTIVE JANUARY 1, 2010**

VIGO offers the following limited warranty on each of its Glass Sink products\* (the "Product"). This warranty extends only to the original owner or end-user for personal household use. For commercial uses, additional limitations apply.

VIGO warrants the Product to be free from defects in workmanship and materials under normal use and service for the period commencing from the initial date of purchase by the owner or end-user, contractor, or builder, from VIGO or an authorized VIGO dealer, through the lifetime of the original owner or end-user.

Subject to the Warranty Service provision below, any product reported to the authorized dealer or to VIGO as being defective within the warranty period will be repaired or replaced (with a product of equal value) at the option of VIGO. This warranty extends to the original owner or end-user and is not transferable to a subsequent owner.

Neither the distributor, authorized VIGO dealer, nor any other person has been authorized to make any affirmation, representation, or warranty other than those contained in this warranty. Any affirmation, representation, or warranty other than those contained in this warranty shall not be enforceable against VIGO or any other person.

VIGO reserves the right to modify this warranty at any time, it being understood that such modifications will not alter the warranty conditions applicable at the time of sale of the products in question.

## Limitations

This warranty shall not apply to instances of incorrect operating procedures, breakages, or damages caused by fault through improper installation, carelessness, abuse, misuse, misapplication, improper maintenance, or alteration of the Product, as well as chemical or natural corrosion, accident, fire, flood, an act of God, or any other casualty. Avoid abrasive cleaners, steel wools, and harsh chemicals as these will scratch, damage, and / or dull the product and / or finish and void this warranty. The owner/end-user of the Product covered by the present warranty is entirely responsible for its proper installation and any applicable plumbing or electrical wiring. VIGO neither installs nor supervises the installation nor hires a contractor for this purpose; consequently, VIGO cannot be held responsible for any default, breakage, or damages caused thereby or resulting thereof, either directly or indirectly.

The owner/end-user must provide access to the components of the Product as described in the installation guide so that VIGO can execute the warranty specified herein. If such access is not available, all expenses to provide said access will be the responsibility of the owner/end-user.

This warranty does not apply to Products that have not been installed or operated in accordance with instructions supplied by VIGO and all applicable rules, regulations, and legislation pertaining to such installations.

This warranty does not apply unless the VIGO Product is installed by fully insured licensed professionals. Vigo strongly recommends that such licensed professionals have experience in the installation of bathroom and kitchen products. Installation of certain products, including, without limitation, glass products (i.e., shower doors and glass sinks) by an inexperienced person may result in glass breakage and, consequently, cause personal injury or death.

VIGO is not liable for personal injuries or deaths to any persons or for any direct, special, incidental, or consequential damage, loss of time, loss of profits, inconvenience, incidental expenses, labor or material charges, or any other costs resulting from the use of the product or equipment or pertaining to the application of the present warranty, or resulting from the removal or replacement of any product or element or part covered by this warranty.

EXCEPT AS OTHERWISE PROVIDED ABOVE, VIGO MAKES NO WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE OR COMPLIANCE WITH ANY CODE.

In any case, VIGO cannot be held liable for any amount over and above the purchase price paid for the Product by the owner/end-user, contractor, or builder.

## Commercial Limitations

In addition to the above conditions and limitations, the warranty period for products installed for commercial applications or used in commercial ventures is one (1) year from the initial date of purchase by the owner/end-user, contractor, or builder from an authorized dealer. VIGO is not responsible for loss of use or profit under any circumstances. If the product is used as a display, the warranty period begins when the product is placed on display. This warranty gives the owner/end-user specific legal rights. The owner/end-user may also have other rights which can vary from one state or province to another.

## Warranty Service

In order to obtain service provided under this warranty during regular business hours, contact the dealer or distributor who sold the unit, or contact VIGO directly. VIGO will provide the warranty service described above when the following conditions have been met: the failure is of the nature or type covered by the warranty; the user has informed an authorized VIGO Agent or VIGO's warranty service department representative of the nature of the problem during the warranty period; conclusive evidence (e.g., proof of purchase or installation) is provided to the foregoing by the user proving that the failure occurred or was discovered within the warranty period; an authorized independent service person or company representative has been permitted to inspect the product during regular business hours within a reasonable time after the problem was reported by the user. VIGOs warranty obligation shall be discharged upon tender of replacement or repair. The customer's refusal to accept the tender terminates VIGO's warranty obligations.

\*Certain models are pending approval.

Certification may be ended by VIGO or certification agencies without notice.

# **FAUCET SPECIFICATIONS**

# Wall Mount Bathroom Faucet Model VG05002

## MODEL VG05002

## **FEATURES**

- · Solid brass construction
- · Single hole construction
- · Ceramic disk cartridge
- · Single lever faucet
  · Wall mount installation
- · Finish resist corrosion and tarnishing

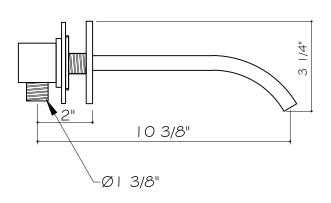

## **PACKING LIST**

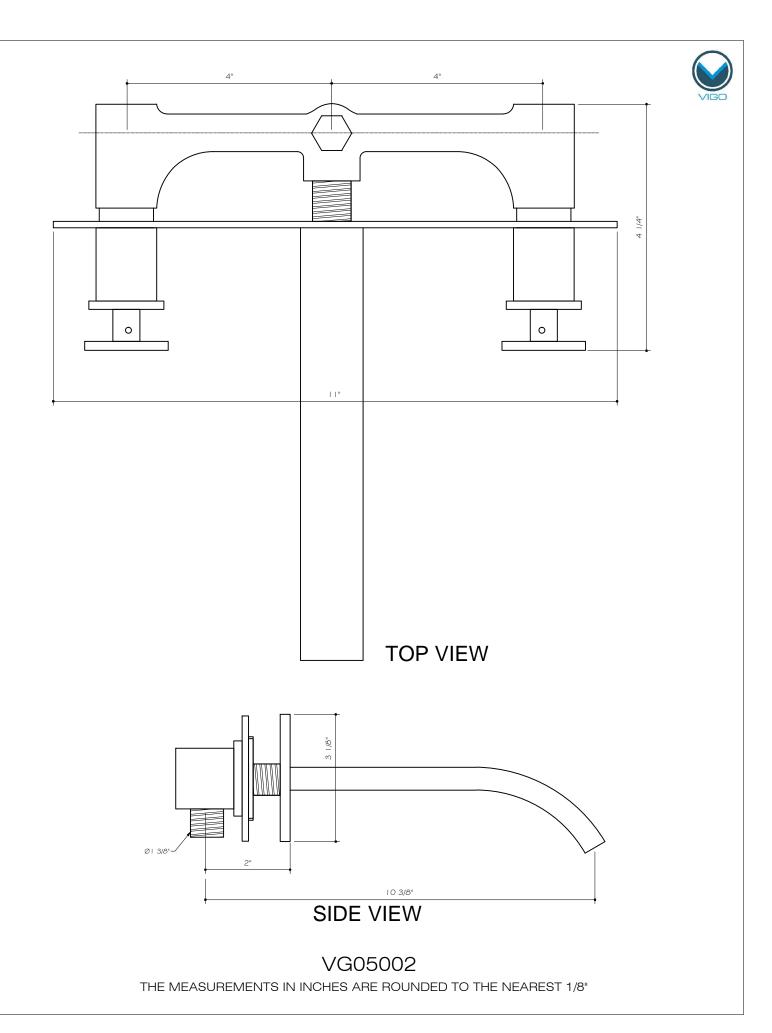

- · Faucet Assembly
- · Allen Key
- · Spout
- · Front cover

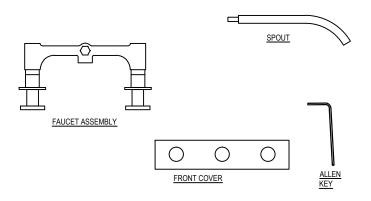

## **DIMENSIONS**

MODEL#	FAUCET	SPOUT	HOLE
	HEIGHT	REACH	DIAMETER
VG05002	3 1/4"	8 3/8"	1 3/8"

#### PACKAGE CONTENTS

## **MAINTENANCE**

Your new faucet is designed for years of trouble-free performance. Keep it looking new by cleaning it periodically with a soft cloth. Avoid abrasive cleaners, steel wool and harsh chemicals as these will scratch, dull, and/or damage the finish and/or product void your warranty.

## **REQUIRED TOOLS**

Adjustable wrench Groove joint pliers Plumber's putty Pipe tape Phillips and flat screwdrivers

## SAFETY TIPS

Be sure to shut off water supply prior to installation.

Protect your eyes with safety glasses when cutting or soldering water supply lines

Cover your drain to avoid losing parts.

#### IMPORTANT POINTS

Prior to beginning installation, turn off the cold and hot water lines and open the hot and cold knobs on the old faucet to release build-up pressure.

When installing your new faucet, turn the connector nuts finger-tight, then use one wrench to anchor the fitting and a second wrench to tighten the nut one additional turn. Connections that are too tight will reduce the integrity of the system.

Wrap all threaded connections with Teflon tape available at your local hardware or plumbing supply store. Always wrap in a clockwise direction.

All installations can vary depending on how your previous faucet was installed. Not all necessary supplies to install your faucet are included, however, they are available wherever plumbing supplies are sold.

#### INSTALLATION

Installation must be done by a qualified licensed plumber.

Prior to installation please read the instructions thoroughly, confirm that all parts are included and visually inspect the unit for any defects. If you have any questions please contact the Vigo Technical Support Department before proceeding with installation.

## **ASSEMBLY**

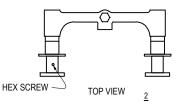

NOTE: INSTALLATION MUST BE DONE BY A QUALIFIED, LICENSED PLUMBER.

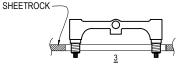

1. SHUT OFF WATER SUPPLY. REMOVE THE OLD FAUCET AND FLEXIBLE HOSES. CLEAN SINK SURFACE IN PREPARATION FOR THE NEW FAUCET.

TOP VIEW

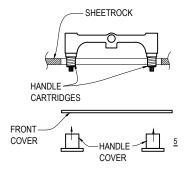

4. IT IS IMPERATIVE THAT THE LICENSED CONTRACTOR MEASURE THE THICKNESS OF THE SHEETROCK USED, TILE USED AND ADDED ACCENTS TO MAKE SURE THAT WHEN THE WALL IS FULLY CLOSED THAT THE HOT AND COLD CONTROLS ARE SET TO THE CORRECT DEPTH IN THE WALL TO FUNCTION UP TO THE DESIRED NEEDS.

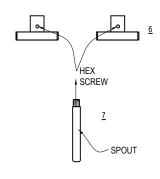

5. CLOSE THE WALL WITH THE SHEETROCK AND CERAMIC TILES AROUND EXPOSED HANDLE CARTRIDGES LEAVING ENOUGH SPACE TO THEAD THE HANDLE COVERS INTO PLACE. PLACE THE FRONT COVER TO THE FAUCET BASE AND THREAD ON THE HANDLE COVERS UNTIL SECURE.

NOTE: THERE ARE TWO SETS OF HEX SCREWS, ONE SET TO ADJUST THE HANDLE TO MAKE SURE IT SITS HORIZONTALLY LEVEL AND ONE SET TO SECURE THE HANDLES TO THE BODY.

7. SCREW THE SPOUT TO THE FAUCET. YOU MAY CHOOSE TO USE PIPE TAPE.

8. PLACE COLD AND HOT WATER HANDLES TO THE FAUCET AND TIGHTEN THE HEX SCREW.

9. AFTER INSTALLATION IS COMPLETE, TURN ON THE WATER SUPPLY VALVES AND ALLOW BOTH HOT AND COLD WATER TO RUN AT LEAST ONE MINUTE EACH. WHILE WATER IS RUNNING, CHECK FOR LEAKS, ESPECIALLY AT HOOK-UPS TO SUPPLY LINES. TIGHTENING NUTS SLIGHTLY WILL STOP ANY MINOR LEAKS.

# **TROUBLESHOOTING**

PROBLEM	POTENTIAL CAUSE	CORRECTIVE ACTION
1 - Leaks from handle	1.A - Cartridge unseated	1.A - Remove cartridge from housing, wash thoroughly with hot
2 - Insufficient flow rate	1.B - Cartridge defective	water and reseat in housing.
3 - Leak at connection points	2.A - Dirty aerator	1.B - Contact Vigo Technical Support for replacement.
4 - Loose faucet body	2.B - Clog in supply hose / line	2.A - Remove aerator and soak / clean with a non abrasive agent (i.e. half hot water and half vinegar).
5 - Loose handle	2.C - Clog in copper supply pins	2.B - Remove supply lines and flush lines.
	3.A - Flexible hose leaking at connection point	2.C - Remove copper pins and flush/clean out.
	3.B - Washer defective     4 Mounting hardware became loose     5 Set screw has become loose	3.A - Tighten hoses. If this does not resolve the issue, remove the flexible hose and rethread, checking to make sure the connection is secure. Make sure to use pipe tape.  3.B - Remove supply line and check the status of the washer. If torn, washer must be replaced for a secure, non-leaking connection.
		<ol> <li>From under the counter, use an adjustable wrench and tighten the mounting hardware. Make sure the faucet is perpendicular to the counter.</li> </ol>
		5 Take off hot/cold cover on handle. This will give you access to the screw that connects the handle to the cartridge. Using either an allen key or a flat head screw driver, tighten the screw so handle has firm connection to cartridge.

# PARTS LIST - For any parts needed but not shown, please contact Vigo Technical Support

# VIGO INDUSTRIES, LLC ("VIGO") FAUCET LIMITED LIFETIME WARRANTY

## **EFFECTIVE APRIL 1, 2013**

VIGO offers the following limited warranty on each of its Faucet products (the "Product") and the components thereof. This warranty extends only to the original owner for personal household use. For commercial uses, additional limitations apply.

VIGO warrants the structure of the Product to be free from defects in workmanship and materials under normal use and service for the period commencing from the initial date of purchase by the owner, contractor, or builder, from VIGO or an authorized VIGO dealer, through the lifetime of the original owner or end-user.

VIGO warrants the cartridge component of the Product to be free from defects in workmanship and materials under normal use and service for a period of five (5) years from the initial date of purchase by the owner, contractor, or builder, from VIGO or an authorized VIGO dealer.

VIGO warrants the spray assembly and other mechanical components of the Product to be free from defects in workmanship and materials under normal use and service for a period of one (1) year from the initial date of purchase by the owner, contractor, or builder, from VIGO or an authorized VIGO dealer.

Subject to the Warranty Service provision below, any product reported to the authorized dealer or to VIGO as being defective within the warranty period will be repaired or replaced (with a product of equal value) at the option of VIGO. This warranty extends to the original owner and is not transferable to a subsequent owner.

Neither the distributor, authorized VIGO dealer, nor any other person has been authorized to make any affirmation, representation, or warranty other than those contained in this warranty. Any affirmation, representation, or warranty other than those contained in this warranty shall not be enforceable against VIGO or any other person.

VIGO reserves the right to modify this warranty at any time, it being understood that such modifications will not alter the warranty conditions applicable at the time of sale of the products in question.

## Limitations

This warranty shall not apply to instances of incorrect operating procedures, breakages, or damages caused by fault through improper installation, carelessness, abuse, misuse, misapplication, improper maintenance, or alteration of the Product, as well as chemical or natural corrosion, accident, fire, flood, an act of God, or any other casualty. Avoid abrasive cleaners, steel wools, and harsh chemicals as these will scratch, damage, and / or dull the product and / or finish and void this warranty. The owner of the Product covered by the present warranty is entirely responsible for its proper installation and any applicable plumbing or electrical wiring. VIGO neither installs nor supervises the installation nor hires a contractor for this purpose; consequently, VIGO cannot be held responsible for any default, breakage, or damages caused thereby or resulting thereof, either directly or indirectly.

The owner must provide access to the components of the Product as described in the installation guide so that VIGO can execute the warranty specified herein. If such access is not available, all expenses to provide said access will be the responsibility of the owner.

This warranty does not apply to Products that have not been installed or operated in accordance with instructions supplied by VIGO and all applicable rules, regulations, and legislation pertaining to such installations.

This warranty does not apply unless the VIGO Product is installed by fully insured licensed professionals. Vigo strongly recommends that such licensed professionals have experience in the installation of bathroom and kitchen products. [Installation of certain products, including without limitation glass products (i.e., shower doors and glass sinks) by an inexperienced person may result in product failure including, but not limited to, glass breakage which could result in personal injury or death.]

VIGO is not liable for personal injuries or deaths to any persons or for any direct, special, incidental, or consequential damage, loss of time, loss of profits, inconvenience, incidental expenses, labor or material charges, or any other costs resulting from the use of the product or equipment or pertaining to the application of the present warranty, or resulting from the removal or replacement of any product or element or part covered by this warranty.

EXCEPT AS OTHERWISE PROVIDED ABOVE, VIGO MAKES NO WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE OR COMPLIANCE WITH ANY CODE.

In any case, VIGO cannot be held liable for any amount over and above the purchase price paid for the Product by the owner/end-user, contractor, or builder.

## Commercial Limitations

In addition to the above conditions and limitations, the warranty period for products installed for commercial applications or used in commercial ventures is one (1) year from the initial date of purchase by the owner, contractor, or builder from an authorized dealer. VIGO is not responsible for loss of use or profit under any circumstances. If the product is used as a display, the warranty period begins from the date of purchase. This warranty gives the owner specific legal rights. The owner may also have other rights which can vary from one state or province to another.

# Warranty Service

In order to obtain service provided under this warranty during regular business hours, contact the dealer or distributor who sold the unit, or contact VIGO directly. VIGO will provide the warranty service described above when the following conditions have been met: the failure is of the nature or type covered by the warranty; the user has informed an authorized VIGO Agent or VIGO's warranty service department representative of the nature of the problem during the warranty period; conclusive evidence (e.g., proof of purchase or installation) is provided to the foregoing by the user proving that the failure occurred or was discovered within the warranty period; an authorized independent service person or company representative has been permitted to inspect the product during regular business hours within a reasonable time after the problem was reported by the user. Vigo's warranty obligation shall be discharged upon tender of replacement or repair. The customer's refusal to accept the tender terminates VIGO's warranty obligations.

Certification may be ended by VIGO or certification agencies without notice.
