

Esther Floor Lamp

LT1141 | 1.0

GENERATION LIGHTING PORTABLE

GENERAL PRODUCT INFORMATION:

These fixtures are intended to be installed utilizing NEC compliant junction boxes.

This product is safety listed for dry locations.

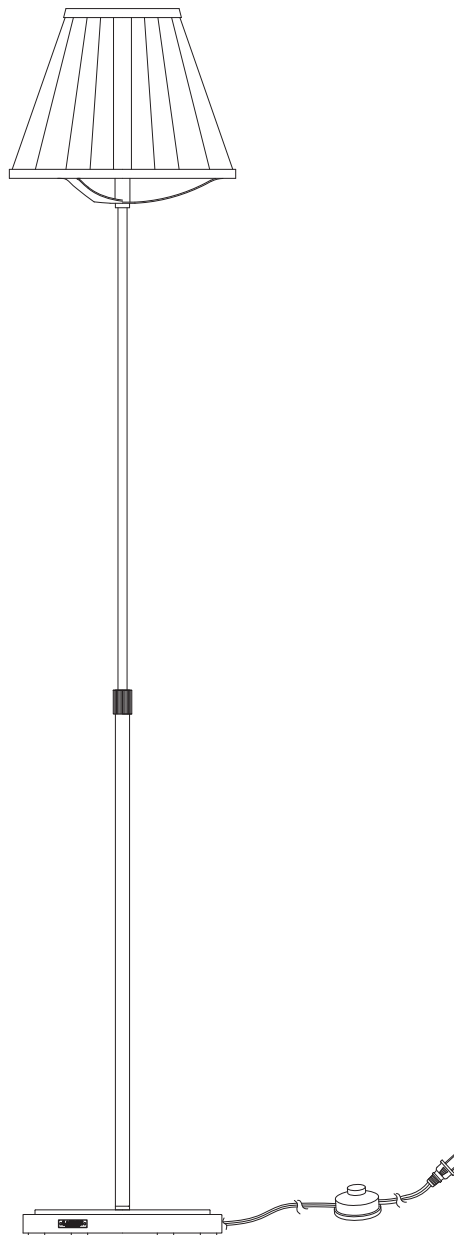

Incandescent version may be dimmed with a standard incandescent dimmer. LED version may be dimmed with a LED dimmer. Consult lamp manufacturer for additional information.

This instruction shows a typical installation.

IMPORTANT SAFETY INSTRUCTIONS

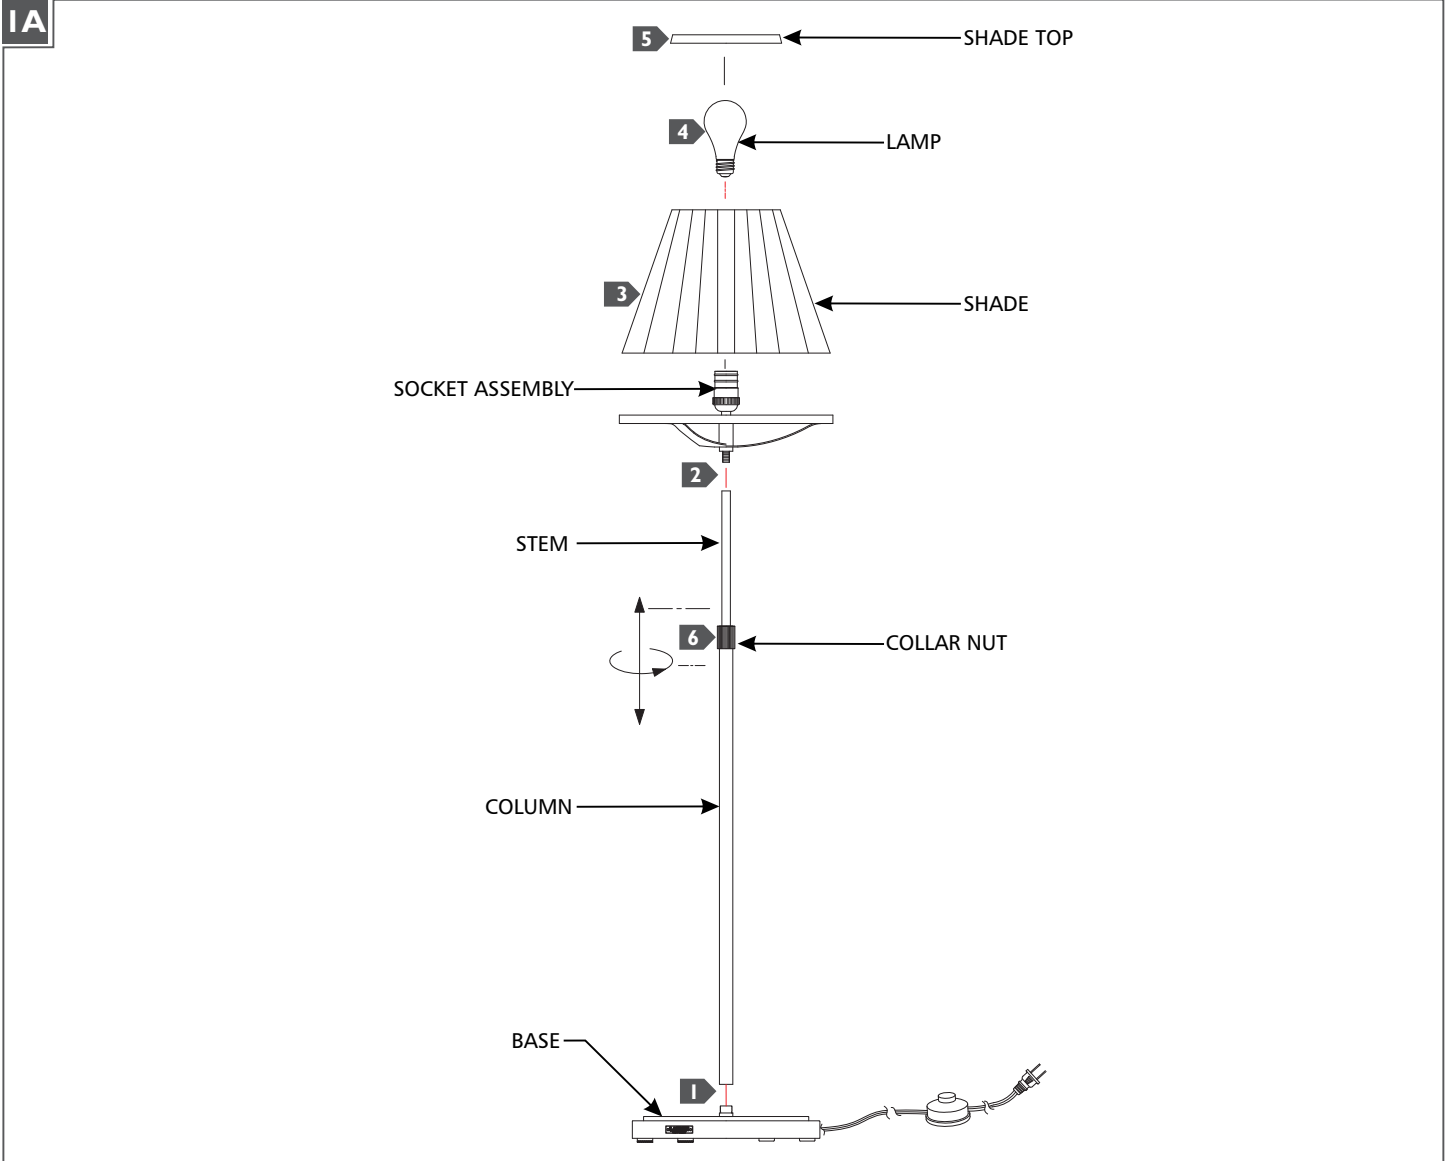

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to defeat this safety feature.

Install the Fixture

- 1** Screw the column onto the base.
- 2** Screw the socket assembly onto the column.
- 3** Place the shade onto the socket assembly.
- 4** Screw the lamp into the socket. Refer to the label on the lamp socket for Max Wattage information.
- 5** Place the shade top onto the shade.
- 6** Adjust the height by loosening the collar nut on the column then move the stem up or down until the desired position is reached. Secure the stem in place by re-tightening the collar nut.
