Description

Chic, upscale mini pendant ideal for creating a modern ambience. Encased in attractive sandblasted white glass with clear glass edges. Enjoy phenomenal long-lasting color that will never fade from cleaning or sunlight. Glass color is always non-painted and 100% natural, inherent to the original sand pigment from which it was created. Illumination mechanism is sure to impress with its stunning, unique radiance. Light diffuses within multiple layers instead of simply filtering light through. The entire glass shade glows bright in perfect uniformity, emitting an ethereal, serene ambience and capturing an immaculate glow throughout the glass. Thickness and weightiness from multiple glass layers ensures long-lasting durability. Beautifully finished with flawless nickel brushed to perfect symmetry by skilled craftsmen. Feel at ease with nickel's lasting quality and stunning appearance. High-quality nickel provides phenomenal durability and an attractive gleam. Hard surface provides top quality protection against scratches. Easy maintenance—simply clean and polish to achieve an even more lustrous shine. Complements stainless-steel appliances, countertops, islands, bars, dining rooms, kitchens, restaurants, or any indoor area. Accent your spaces with this stylish, attractive piece.
