Description

This indoor hanging chandelier captures ethereal beauty and contemporary wonder. Spheres are uniquely held in place upon stylish chrome rings. Enjoy the stunning radiance of etched white cased glass. Handcrafted by master craftsmen, etched white cased glass emits a stunning radiance reminiscent of glowing moons. Enjoy phenomenal long-lasting color that will never fade from cleaning or sunlight. Glass color is always non-painted and 100% natural, inherent to the original sand pigment from which it was created. Illumination mechanism is sure to impress. Entire shade glows bright in perfect uniformity, emitting an ethereal, serene ambience and capturing an immaculate glow throughout the glass. Thickness and weightiness from multiple glass layers ensures long-lasting durability. Beautifully and evenly finished in chrome. Feel at ease with chrome's high resilience, lasting quality, and stunning appearance. An exceptionally corrosion-resistant material, high-quality chrome provides phenomenal durability and an attractive gleam. Polished to a mirror shine and an immaculately smooth surface by skilled craftsmen. Easy maintenance—simply clean and polish to achieve an even more lustrous shine. Wire/cord length is adjustable. Go green and save big. Each energy-efficient LED is environmentally friendly and requires substantially less electricity to maintain, passing down cost-cutting savings to you. Complements stainless-steel appliances, dining rooms, kitchens, restaurants, and many other indoor areas. Enjoy timeless retro chic and a fanciful, free-floating aura. Feel confident in a quality product. Each integrated LED comes with a 5-year limited warranty.
